## Stark Bro's "RECORD-BEARING" Strain Trees

Prices of Luther Burbank's Flowers and Vegetables will be sent on request.

Prices in effect Jan. 1, 1929, supersede all other printed lists. Prices subject to change without notice.

**TERMS** All cash with order—no exceptions, except on orders of over 300 trees. On orders of 300 trees or more, to parties known to us to be reliable and well-rated, we will accept 15% cash with order, remainder upon arrival. Customer pays transportation charges.

**Low Freight Rates** Louisiana, Mo., is located on through main line railroads, North, South, East and West, and is on St. Louis low freight basis. We can make surprisingly quick shipment to all parts of the United States.

**Small Orders** Because of the increased cost of land, labor, implements, packing, etc., there is no profit on tree orders for less than \$5.00. Please try to make your Tree Order at least \$5.00. However, we gladly accept ALL SMALL ORDERS.

**Replacement** In the event that any nursery stock or seeds sold by us should prove untrue to name under which it is sold, we hereby agree on proper proof of such untruthfulness to name to replace that portion of the order proved untrue to name, or to refund the purchase price thereof. Except for such liability, and in respect to all nursery stock or seeds sold by us, we give no warranty, express or implied. —Stark Bro's Nurseries & Orchards Co.

**TREES ARE VERY SCARCE  
SEND IN YOUR ORDER QUICK**

**Write Plainly** On the order blank enclosed, fill in your name, address, and the place to which you want the stock shipped; use pen and ink whenever possible. State specifically the number of each variety or kind wanted, and mark the sizes of each. Carry out the prices, extend the totals correctly, and attach check, draft or money order. Don't fail to give your shipping station.

**Changes in Orders** It may be necessary to make some changes in size and variety of trees and plants ordered, unless customer definitely states that it will not be permitted. Changes, if made, will be under the direction of our expert, trained men, and equal or superior sorts will be sent and labeled correctly. We have the largest and most complete stock of nursery trees in America; but because of the unprecedented shortage and the greatest demand we have ever experienced, some sorts will doubtless sell out early.

We do not replace nursery stock that fails to live. Possible neglect of planter and unavoidable climatic conditions prevent guaranteeing trees, plants and seeds to grow. We deliver the stock to transportation company in good condition; our responsibility ends there. If the stock is damaged in transit, claim for damages should be promptly made on transportation company.

Non-delivery of stock is excused in case of fire, frost, floods, drouth, strikes, shortage of nursery stock or seeds, or other causes beyond seller's control.

**Parcel Post Orders** We can ship 2 to 3 ft. size trees by parcel post. Add ten (10) cents to the 2 to 3 ft. price of each tree and this stock will come to you by mail postpaid. We can also ship grapevines, berry plants and small size Ornamentals in the same manner—prices are

5 cents more than listed. However, we prefer express and freight shipments for trees, except for those far removed from railroads.

**Special Notice** When buying apple, pear, peach, quince, cherry, crab apple, plum, apricot, dwarf pear, grapes, berries, shade trees, shrubs and roses, the following explanation of Price List should be read carefully:

**Each Rate**—In buying trees, shrubs, roses, etc., less than 10 trees of one variety go at "Each" rate. (Less than 10 Golden Delicious, etc.)

**10 Rate**—10 or more of one variety go at the 10 rate price. (As varieties are tied in bundles of 10 trees.)

**100 Rate**—30 trees, etc., (or more) of a kind (as 30 Apple or 30 Peach, etc.), go at "100" rate.

**1000 Rate**—300 (or more) of a kind (as 300 Apple, 300 Pear, 300 Peach, etc.), go at the 1000 rate price.

**VINES—BUSHES**—A bunch of 25 of one variety of Grapes, Berries, Hedge Plants, Garden Roses, go at 100 rate; 300 at 1000 rate. Buy at least 25—this is cheaper.

**MOST DESIRABLE VARIETIES** in this List are printed in heavy type and starred thus \*

## HOW TO ORDER

ments. No diseased or infested trees are permitted in our nurseries. Seeds are tested for Germination.

**Order Now** As far as possible, orders are handled here as they are received, especially selected and reserved in customer's name for shipment at the proper time. We always advise prompt, early orders—better service for our customers, better for us.

This is more important than ever this year, because of tree shortage. **Send in Your Order Today.**
